

# Meet Your Starting Lineup...

THE BENEFITS ARE ENDLESS!

You don't always see us, but we are the people that make the games run smooth, put a band-aid on a day camper, repair the fishing dock, take grandma on a trip, teach a parent how to coach, build a new park, woodchip the nature trail, increase community pride, hire your favorite dance teacher, preserve plant and animal habitat, offer places for social interaction, plow the snow, coordinate the fun in special events, eliminate senior loneliness, run after-school programs, provide safe places to play, build family unity and create 'smiles'.
